Fuji Copian (UK) Limited Announcement

On June 1st 2012, Fujicopian Co., Ltd. of Japan announced the closure its subsidiary, Fuji Copian (UK) Limited. Fuji Copian (UK) Limited's principal activities are the manufacture and distribution of thermal transfer products to various OEMs and aftermarket customers in Europe. Various economic considerations necessitate a new approach to distribute these products in the European marketplace. Fujicopian Co., Ltd. of Japan is committed to maintain its leadership position in production, sales and marketing of its existing and innovative new product solutions such as FIXFILM along side our traditional range of thermal transfer products and correction tape products.

We anticipate the close of the existing facility to be completed in this Year, 2012. Existing customers will be contacted in the near future as to how Fujicopian Co., Ltd. of Japan will continue to support their customers' sales and marketing activities. Fujicopian Co., Ltd. of Japan is committed to continuing to be a worldwide leader of innovative thermal transfer product solutions.

Fujicopian Co., Ltd. of Japan appreciates your understanding and patronage during this period of transition.

Sincerely yours,

Kantaro Akashiro

President,

Fujicopian Co., Ltd.
